Case Study: Driving Sutra Fine Jewellery's Growth Through Instagram Optimization, Performance Marketing & Customer Automation

Executive Summary:

This project focused on strengthening Sutra Fine Jewellery's digital presence through complete Instagram optimization, social media management, performance marketing, market research, and WhatsApp Automation. The objective was to increase brand awareness, improve customer engagement, generate qualified leads, and streamline customer communication. A data-driven strategy combining content marketing, paid advertising, customer insights, and automation helped create a stronger online presence and support sustainable business growth.

Goals	Objectives
Increase brand awareness	Build a premium digital presence through Instagram.
Improve customer engagement	Create consistent and engaging jewellery content.
Generate quality leads	Use performance marketing to reach potential buyers.
Enhance customer communication	Implement WhatsApp Automation for faster responses.
Strengthen market positioning	Use market research to understand customer preferences and competitors.

Background Context:

Sutra Fine Jewellery is a premium jewellery brand offering elegant and handcrafted jewellery collections. As customers increasingly discover jewellery brands through social media, maintaining a strong digital presence became essential. Our role included complete Instagram optimization, end-to-end social media management, performance marketing, in-depth market research, and WhatsApp Automation to improve brand visibility, customer engagement, lead generation, and customer support.

Sutra Fine Jewellery

Instagram profile and content work, Meta campaign planning, market research and WhatsApp enquiry automation for a jewellery brand.

Case Study: Building Karan Desai's Personal Brand & KDAK Digital Presence Through Strategic Social Media Management

Executive Summary:

This project focused on strengthening **Karan Desai's personal brand** and enhancing the digital presence of **KDAK** through strategic social media management and content marketing. The objective was to establish Karan Desai as a credible industry expert, increase audience engagement, and maintain a consistent brand identity across all social media platforms. The strategy included content planning, profile management, personal branding, audience engagement, and performance tracking to build long-term online authority.

Goals	Objectives
Strengthen personal branding	Position Karan Desai as an industry thought leader.
Increase social media presence	Maintain consistent and engaging content across all platforms.
Build professional credibility	Showcase expertise, achievements, and business insights.
Increase audience engagement	Encourage meaningful interactions through valuable content.
Improve brand visibility	Strengthen the online presence of both Karan Desai and KDAK.

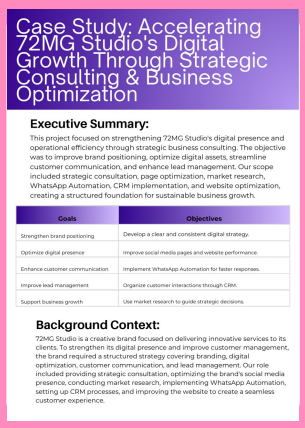

Background Context:

Karan Desai is an entrepreneur and business professional whose online presence represents both his personal brand and **KDAK**. The project involved managing all of his social media profiles, creating a consistent brand identity, planning content, and improving audience engagement. The primary objective was to establish a professional digital presence that reflects expertise, leadership, and credibility while supporting the visibility of the KDAK brand.

KDAK

Personal-brand content, profile optimisation and audience engagement for Karan Desai and the KDAK digital presence.

Case Study: Accelerating 72MG Studio's Digital Growth Through Strategic Consulting & Business Optimization

Executive Summary:

This project focused on strengthening 72MG Studio's digital presence and operational efficiency through strategic business consulting. The objective was to improve brand positioning, optimize digital assets, streamline customer communication, and enhance lead management. Our scope included strategic consultation, page optimization, market research, WhatsApp Automation, CRM implementation, and website optimization, creating a structured foundation for sustainable business growth.

Goals	Objectives
Strengthen brand positioning	Develop a clear and consistent digital strategy.
Optimize digital presence	Improve social media pages and website performance.
Enhance customer communication	Implement WhatsApp Automation for faster responses.
Improve lead management	Organize customer interactions through CRM.
Support business growth	Use market research to guide strategic decisions.

Background Context:

72MG Studio is a creative brand focused on delivering innovative services to its clients. To strengthen its digital presence and improve customer management, the brand required a structured strategy covering branding, digital optimization, customer communication, and lead management. Our role included providing strategic consultation, optimizing the brand's social media presence, conducting market research, implementing WhatsApp Automation, setting up CRM processes, and improving the website to create a seamless customer experience.

72MG Studio

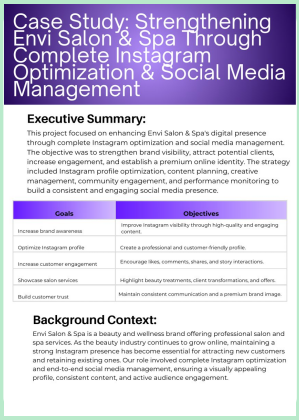

Business consulting, competitor research, digital profile improvements, CRM, WhatsApp workflows and website recommendations.

Case Study: Strengthening Envi Salon & Spa Through Complete Instagram Optimization & Social Media Management

Executive Summary:

This project focused on enhancing Envi Salon & Spa's digital presence through complete Instagram optimization and social media management. The objective was to strengthen brand visibility, attract potential clients, increase engagement, and establish a premium online identity. The strategy included Instagram profile optimization, content planning, creative management, community engagement, and performance monitoring to build a consistent and engaging social media presence.

Goals	Objectives
Increase brand awareness	Improve Instagram visibility through high-quality and engaging content.
Optimize Instagram profile	Create a professional and customer-friendly profile.
Increase customer engagement	Encourage likes, comments, shares, and story interactions.
Showcase salon services	Highlight beauty treatments, client transformations, and offers.
Build customer trust	Maintain consistent communication and a premium brand image.

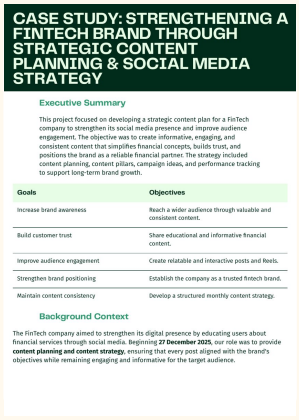

Background Context:

Envi Salon & Spa is a beauty and wellness brand offering professional salon and spa services. As the beauty industry continues to grow online, maintaining a strong Instagram presence has become essential for attracting new customers and retaining existing ones. Our role involved complete Instagram optimization and end-to-end social media management, ensuring a visually appealing profile, consistent content, and active audience engagement.

Envi Salon & Spa

A salon-focused Instagram programme covering profile clarity, content, beauty transformations and community interaction.

CASE STUDY: STRENGTHENING A FINTECH BRAND THROUGH STRATEGIC CONTENT PLANNING & SOCIAL MEDIA STRATEGY

Executive Summary

This project focused on developing a strategic content plan for a FinTech company to strengthen its social media presence and improve audience engagement. The objective was to create informative, engaging, and consistent content that simplifies financial concepts, builds trust, and positions the brand as a reliable financial partner. The strategy included content planning, content pillars, campaign ideas, and performance tracking to support long-term brand growth.

Goals	Objectives
Increase brand awareness	Reach a wider audience through valuable and consistent content.
Build customer trust	Share educational and informative financial content.
Improve audience engagement	Create relatable and interactive posts and Reels.
Strengthen brand positioning	Establish the company as a trusted fintech brand.
Maintain content consistency	Develop a structured monthly content strategy.

Background Context

The FinTech company aimed to strengthen its digital presence by educating users about financial services through social media. Beginning **27 December 2025**, our role was to provide **content planning and content strategy**, ensuring that every post aligned with the brand's objectives while remaining engaging and informative for the target audience.

FinTech Brand

An unnamed FinTech content strategy built around financial education, consistent publishing, trust and audience engagement.

Case Study: Enhancing Leaping Frogs – The School Through Content Marketing & Creative Graphic Design

Executive Summary:

This project focused on strengthening Leaping Frogs – The School's digital presence through strategic content marketing and creative graphic design. The objective was to improve brand awareness, engage parents and prospective families, and communicate the school's values through visually appealing and informative social media content. The strategy emphasized consistent content planning, high-quality creatives, and educational storytelling to build trust and increase audience engagement.

Goals	Objectives
Strengthen personal branding	Improve the school's visibility through engaging social media content.
Strengthen parent engagement	Share informative and interactive educational content.
Build a professional online presence	Design consistent and visually appealing graphics.
Showcase school activities	Highlight events, achievements, and learning experiences.
Maintain content consistency	Follow a structured content calendar for regular posting.

Background Context:

Leaping Frogs – The School is an educational institution focused on providing a nurturing learning environment for children. To strengthen its online presence, the school required engaging social media content and professionally designed graphics that reflected its educational values and connected with parents and the community. Our role was limited to content marketing and graphic design, helping maintain a consistent and visually appealing brand identity across social media.

Leaping Frogs - The School

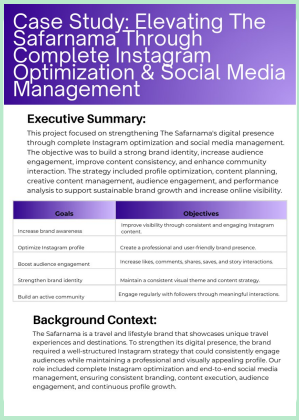

Educational storytelling and branded graphics to help a school communicate with parents and prospective families.

Case Study: Elevating The Safarnama Through Complete Instagram Optimization & Social Media Management

Executive Summary:

This project focused on strengthening The Safarnama's digital presence through complete Instagram optimization and social media management. The objective was to build a strong brand identity, increase audience engagement, improve content consistency, and enhance community interaction. The strategy included profile optimization, content planning, creative content management, audience engagement, and performance analysis to support sustainable brand growth and increase online visibility.

Goals	Objectives
Increase brand awareness	Improve visibility through consistent and engaging Instagram content.
Optimize Instagram profile	Create a professional and user-friendly brand presence.
Boost audience engagement	Increase likes, comments, shares, saves, and story interactions.
Strengthen brand identity	Maintain a consistent visual theme and content strategy.
Build an active community	Engage regularly with followers through meaningful interactions.

Background Context:

The Safarnama is a travel and lifestyle brand that showcases unique travel experiences and destinations. To strengthen its digital presence, the brand required a well-structured Instagram strategy that could consistently engage audiences while maintaining a professional and visually appealing profile. Our role included complete Instagram optimization and end-to-end social media management, ensuring consistent branding, content execution, audience engagement, and continuous profile growth.

The Safarnama

Travel storytelling, Instagram profile structure, destination content and community engagement for a travel brand.

Case Study: Growing The Habitat Café Through Instagram Optimization, Social Media Management & Food Delivery Lead Generation

Executive Summary:

This project focused on strengthening The Habitat Café's digital presence through complete Instagram optimization, social media management, and lead generation across food delivery platforms. The objective was to increase brand awareness, engage customers, drive online food orders, and improve visibility on platforms such as Swiggy, Zomato, and other quick commerce channels. By combining creative content, profile optimization, customer engagement, and platform optimization, the strategy helped enhance the café's online presence and business growth.

Goals	Objectives
Increase brand awareness	Build a strong and engaging Instagram presence.
Increase online food orders	Drive more customers through Swiggy, Zomato, and quick commerce platforms.
Improve customer engagement	Publish engaging food-related content and interact with followers.
Strengthen brand identity	Maintain a consistent visual theme and content strategy.
Generate qualified leads	Improve customer acquisition through digital platforms.

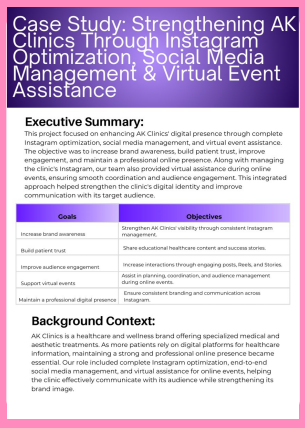

Background Context:

The Habitat Café is a food and beverage brand that serves a variety of meals and beverages to its customers. With increasing competition in the restaurant industry, maintaining a strong digital presence became essential for attracting new customers and increasing online orders. Our role included complete Instagram optimization, social media management, and generating leads through Swiggy, Zomato, and other quick commerce platforms, helping the café expand its digital reach and customer base.

The Habitat Cafe

Instagram and community content with food-delivery platform visibility, menu discovery and enquiry/order pathways.

Case Study: Strengthening AK Clinics Through Instagram Optimization, Social Media Management & Virtual Event Assistance

Executive Summary:

This project focused on enhancing AK Clinics' digital presence through complete Instagram optimization, social media management, and virtual event assistance. The objective was to increase brand awareness, build patient trust, improve engagement, and maintain a professional online presence. Along with managing the clinic's Instagram, our team also provided virtual assistance during online events, ensuring smooth coordination and audience engagement. This integrated approach helped strengthen the clinic's digital identity and improve communication with its target audience.

Goals	Objectives
Increase brand awareness	Strengthen AK Clinics' visibility through consistent Instagram management.
Build patient trust	Share educational healthcare content and success stories.
Improve audience engagement	Increase interactions through engaging posts, Reels, and Stories.
Support virtual events	Assist in planning, coordination, and audience management during online events.
Maintain a professional digital presence	Ensure consistent branding and communication across Instagram.

Background Context:

AK Clinics is a healthcare and wellness brand offering specialized medical and aesthetic treatments. As more patients rely on digital platforms for healthcare information, maintaining a strong and professional online presence became essential. Our role included complete Instagram optimization, end-to-end social media management, and virtual assistance for online events, helping the clinic effectively communicate with its audience while strengthening its brand image.

AK Clinics

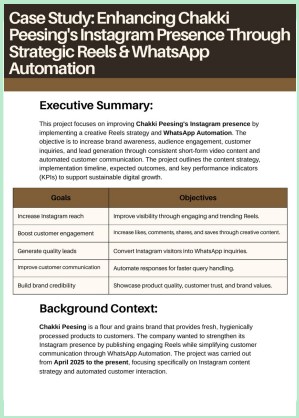

Healthcare content and Instagram management, alongside coordination and audience assistance for virtual events.

Case Study: Enhancing Chakki Peesing's Instagram Presence Through Strategic Reels & WhatsApp Automation

Executive Summary:

This project focuses on improving **Chakki Peesing's Instagram presence** by implementing a creative Reels strategy and **WhatsApp Automation**. The objective is to increase brand awareness, audience engagement, customer inquiries, and lead generation through consistent short-form video content and automated customer communication. The project outlines the content strategy, implementation timeline, expected outcomes, and key performance indicators (KPIs) to support sustainable digital growth.

Goals	Objectives
Increase Instagram reach	Improve visibility through engaging and trending Reels.
Boost customer engagement	Increase likes, comments, shares, and saves through creative content.
Generate quality leads	Convert Instagram visitors into WhatsApp inquiries.
Improve customer communication	Automate responses for faster query handling.
Build brand credibility	Showcase product quality, customer trust, and brand values.

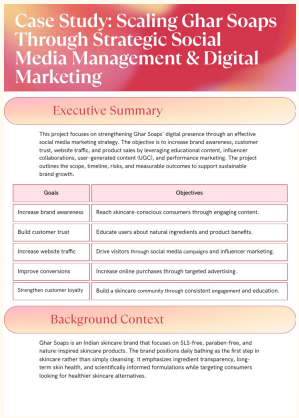

Background Context:

Chakki Peesing is a flour and grains brand that provides fresh, hygienically processed products to customers. The company wanted to strengthen its Instagram presence by publishing engaging Reels while simplifying customer communication through WhatsApp Automation. The project was carried out from **April 2025 to the present**, focusing specifically on Instagram content strategy and automated customer interaction.

Chakki Peesing

A planned Reels programme and automated WhatsApp replies to support food-brand discovery and customer enquiries.

Case Study: Scaling Ghar Soaps Through Strategic Social Media Management & Digital Marketing

Executive Summary

This project focuses on strengthening Ghar Soaps' digital presence through an effective social media marketing strategy. The objective is to increase brand awareness, customer trust, website traffic, and product sales by leveraging educational content, influencer collaborations, user-generated content (UGC), and performance marketing. The project outlines the scope, timeline, risks, and measurable outcomes to support sustainable brand growth.

Goals	Objectives
Increase brand awareness	Reach skincare-conscious consumers through engaging content.
Build customer trust	Educate users about natural ingredients and product benefits.
Increase website traffic	Drive visitors through social media campaigns and influencer marketing.
Improve conversions	Increase online purchases through targeted advertising.
Strengthen customer loyalty	Build a skincare community through consistent engagement and education.

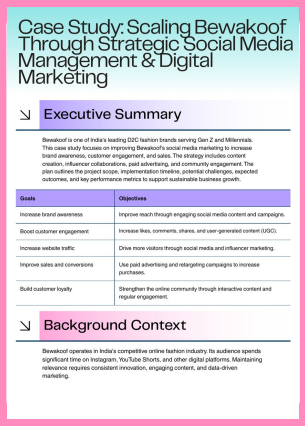

Background Context

Ghar Soaps is an Indian skincare brand that focuses on SLS-free, paraben-free, and nature-inspired skincare products. The brand positions daily bathing as the first step in skincare rather than simply cleansing. It emphasizes ingredient transparency, long-term skin health, and scientifically informed formulations while targeting consumers looking for healthier skincare alternatives.

Ghar Soaps

A digital marketing plan combining educational product content, creator collaborations, UGC and paid campaign activity.

Case Study: Scaling Bewakoof Through Strategic Social Media Management & Digital Marketing

Executive Summary

Bewakoof is one of India's leading D2C fashion brands serving Gen Z and Millennials. This case study focuses on improving Bewakoof's social media marketing to increase brand awareness, customer engagement, and sales. The strategy includes content creation, influencer collaborations, paid advertising, and community engagement. The plan outlines the project scope, implementation timeline, potential challenges, expected outcomes, and key performance metrics to support sustainable business growth.

Goals	Objectives
Increase brand awareness	Improve reach through engaging social media content and campaigns.
Boost customer engagement	Increase likes, comments, shares, and user-generated content (UGC).
Increase website traffic	Drive more visitors through social media and influencer marketing.
Improve sales and conversions	Use paid advertising and retargeting campaigns to increase purchases.
Build customer loyalty	Strengthen the online community through interactive content and regular engagement.

Background Context

Bewakoof operates in India's competitive online fashion industry. Its audience spends significant time on Instagram, YouTube Shorts, and other digital platforms. Maintaining relevance requires consistent innovation, engaging content, and data-driven marketing.

Bewakoof

A Gen Z fashion marketing plan covering social content, creators, paid advertising and community participation.
